### 2019 Novel Coronavirus – Confirmed Cases in California and Emergency Repatriation

The Centers for Disease Control and Prevention (CDC) is closely monitoring and responding to an outbreak caused by 2019 Novel Coronavirus (2019-nCoV) in Wuhan, Hubei Province, China.

- On 01/30/20, the World Health Organization declared a Public Health Emergency of International Concern (PHEIC) over the global outbreak of 2019-nCoV.
- On 01/30/20, the U.S. Department of State has issued a Level 4 Travel Advisory (Do Not Travel) for all of China. This is the highest travel advisory level.
- On 01/31/20, the United States Secretary of the Department of Health and Human Services signed a declaration order for a Public Health Emergency in response to the 2019-nCoV. Per the order, Americans returning from Hubei Province, China, will be subject to a 14-day quarantine upon returning. Other Americans returning from other sections of China will be subject to screening for 14 days.
- On 01/31/20, President Trump signed a Presidential Proclamation temporarily suspending entry into the U.S. of foreign nationals that pose a risk of transmitting 2019-nCoV. Foreign nationals other than immediate family of U.S. citizens and permanent residents who have traveled in China within the last 14 days will be denied entry into the U.S. at this time.
- On 01/29/20, a repatriation flight from Wuhan, China, arrived in Riverside County at March Air Reserve Base (March ARB) carrying 195 American citizens.
  - On 01/31/20, CDC issued a Federal Quarantine order for the 195 passengers at March ARB.
    - The quarantine order is for 14 days, starting the day the flight arrived.
    - Those in quarantine will continue to be monitored for 2019-nCoV symptoms.
    - A multi-agency group from Riverside County consisting of Riverside University Health System, County Behavioral Health, County Public Health, Riverside EMD, and County MOHAC continue to support operations on March ARB.
    - Riverside County, along with Federal Partners, are finalizing plans to release passengers at the end of the 14-day incubation period.
- Additional repatriation flights are anticipated to arrive at Travis Air Force Base (Travis AFB) and Marine Corp Air Station Miramar (MCAS – Miramar) as early as 02/04/20. These flights will be repatriating an unknown number of U.S. citizens.
  - U.S. Health and Human Services (HHS) is coordinating and leading the response and support efforts for incoming repatriation flights.
  - Cal OES remains in communication and providing support to Federal, State and Local partners.
- As of 02/03/20, 17,391 confirmed cases of 2019-nCoV in 24 countries with [362](#) confirmed deaths have been reported worldwide.
- As of 02/03/20, the California Department of Public Health has confirmed 1 individual in Los Angeles County, 1 individual in Orange County, 2 individuals in Santa Clara County and 2 individuals in San Benito County have tested positive for 2019-nCoV, bringing the total number of confirmed cases in California to 6.

# **SITUATION SUMMARY**

## **2019 Novel Coronavirus – Confirmed Cases in California and Emergency Repatriation (continued)**

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**02/03/20 - 02/09/20**

## **Monday**

- The storm system that swept through the state on Sunday will begin to exit California today
  - A few light showers could linger across Southern Region on Monday
    - Light snow accumulation could impact travel on some lower passes, including the Grapevine
  - Strong, gusty north winds will continue on Monday, with the strongest winds in Southern Region
    - These strongest winds (with gusts up to 60-80 mph, isolated 90 mph gusts possible through portions of the I-5 corridor in Southern Region) will likely be in the Southern Region mountains, deserts, and some prone valleys, which will likely lead to downed trees and power lines
    - These strong winds will create elevated fire weather danger in Southern Region
  - Local beach erosion and minor coastal flooding is possible Monday in Southern Region

## **Monday Night - Sunday**

- Lingering gusty offshore winds are possible across portions of Southern Region through Tuesday
- Drier weather will develop across the state late Monday through much of the week
  - Some light showers are possible in far northern California mid-to-late week, but no significant impacts are currently expected
- Cold overnight low temperatures (sub-freezing in some locations) are expected in many areas early-to-mid week, especially Tuesday morning and Wednesday morning
- A general warming trend is expected Wednesday through the end of the work week
